Seaport-NG

NSWC Dahlgren manages this IDIQ for requirements that fall into two functional areas: engineering support services and program management support services. The former consists of supporting the application of engineering disciplines to technically support the research and development of new and existing Naval capabilities and systems, technically support development of significant alterations to existing systems, support integration and interface of existing equipment or software into different applications or platforms to support the warfighter, prototyping, and support evaluation of foreign or non-developmental systems, equipment, and technologies.

Contract #: N0017819D8071
Contact: BD@us.qinetiq.com

Deployable Adaptive Global Responder Support (DAGRS)

This IDIQ supports the Army Night Vision and Electronic Sensors Directorate (NVESD), with Research and Development (tech level 4 or higher); Knowledge Based Services; Operational Integration; Operational Analysis and Assessment; Other Necessary Support (Communications, logistics, etc.)

Contract #: W911NF17D0019

GSA Contracts

GSA OASIS Pools 3 and 4

Contract #: 47QRAD20DU333
Contract #: 47QRAD20DU426

The OASIS contracts provide a single solution for complex requirements; support multiple technical disciplines and mission spaces; support commercial and non-commercial acquisition; support all contract types, including hybrids and cost-reimbursement, at the task order level; allow ancillary support components, commonly referred to as Other Direct Costs (ODC), at the task order level; have no program ceiling, a five-year base and one five-year option a benefit to long-term planning for complex program requirements.

Pool 3:

- 541330 Exception A Engineering for Military and Aerospace Equipment and Military Weapons
- 541330 Exception B Engineering for Contracts and Subcontracts for Engineering Services Awarded Under the National Energy Policy Act of 1992
- 541330 Exception C Engineering for Marine Engineering and Naval Architecture

Pool 4:

- 541712 Exception B Research and Development in Aircraft Parts, and Auxiliary Equipment, and Aircraft Engine Parts
